Name: _____ Date: _____

John F. Kennedy

John F. Kennedy, often referred to by his initials JFK, was the 35th President of the United States. He was born on May 29, 1917, in Massachusetts. Kennedy came from a wealthy and influential family and went on to study at Harvard University. Before becoming president, he served in the US Navy during World War II and later entered politics as a member of the US House of Representatives and then the Senate.

In 1960, JFK won the presidential election, becoming the youngest elected president of the age of 43. His presidency was marked by important events such as the Cuban Missile Crisis, which brought the world to the brink of nuclear war, and the beginning of the space program aiming to land a man on the moon. Kennedy was also a strong supporter of civil rights and worked to improve relations between the United States and other countries.

Tragically, John F. Kennedy was assassinated on November 22, 1963, in Dallas, Texas. His death shocked the nation and the world. In his short time in office, JFK is remembered as an idealist who encouraged Americans to ask what they could do for their country.
