Video provides a powerful way to help you prove your point. When you click Online Video, you can paste the URL of a video for the video you want to use. You can also type a keyword to search for the video. To make a video stand out, you can add a video background, a video sidebar, a video cover page, and a video sidebar. Click Insert and then choose the elements you want from the different galleries.

Themes and styles also help keep your document coordinated. When you click Design and choose a new Theme, the pictures, charts, and SmartArt graphics change to match your new theme. When you apply a new style, you are applying a style to match the new theme.

Save in Word with a button that show up where you need them. To change the way a picture fits into the document, click and a button for layout options appears next to it. When you work on a table, you can click to add a row or a column, and then click the plus sign.

Reading is easier, too, in the new reading view. You can collapse parts of the document and focus on the text you want. If you need to stop reading before you reach the end, Word remembers where you left off - even on another device.
