

Course Overview

The Honors Spanish IV program provides language and cultural experiences selected to advance the intermediate language student to a proficient one in their verbal, syntactical, grammatical, and written expression. Each student will be actively engaged in thinking and learning processes which include extensive involvement in Spanish-only conversations in conjunction with readings from authentic Spanish and Latin American Literature, clips from current media, cinema, and genuine genres of music as a context in which to learn more measurable academics such as grammatical rules, history, geography, and vocabulary. The primary goal of the program is to create a community of learners who develop the linguistic skills and cultural understanding to interact successfully in a multi-cultural global society.
