Document last updated on: MM/DD/YYYY

01 Brand Introduction

A brand guideline, or brand style guide, refers to the significant set of standards a company uses to present and maintain a solid and consistent brand in both public and private channels. Having this document ensures that a company is able to maximize its reach and impact on customers in terms of brand recall and brand recognition.

For the introduction section, it is customary to include a quick history or overview of how the brand came to be and how it has changed over time to become what it is today.
