Gerardus Blokdyk, 2019-05-03 What is the frequency of data sources? Are written budgets changed when future plans are changed? What is the average number of modifications and fixes raised per month/quarter for Hyperion Oracle and SDR-based applications during the last year? When should your organization use static budgeting and when should it use a flexible budget? Defining, designing, creating, and implementing a process to solve a challenge or meet an objective is the most valuable role. In EVERY group, company, organization, and department. Unless you are talking about a one-time single-use project, there should be a process. Whether that process is managed and implemented by humans, AI, or a combination of the two, it needs to be designed by someone with a complex enough perspective to ask the right questions. Someone capable of asking the right questions and step back and say, "What are we really trying to accomplish here? And is there a different way to look at it?" This Self-Assessment empowers people to do just that: whether their title is entrepreneur, manager, consultant, Vice President, CxO, etc., they are the people who rule the future. They are the person who asks the right questions to make Hyperion planning investments work better. This Hyperion planning All-Inclusive Self-Assessment enables you to be that person. All the tools you need to do an in-depth Hyperion planning Self-Assessment. Featuring 937 new and updated case-based questions, organized into seven core areas of process design, this Self-Assessment will help you identify areas in which Hyperion planning improvements can be made. In using the questions, you will be better able to diagnose Hyperion planning projects, initiatives, organizations, businesses, and processes using accepted diagnostic standards and practices, implement evidence-based best practice strategies aligned with overall goals, integrate recent advances in Hyperion planning and process design strategies into practice according to best practice guidelines, use a Self-Assessment tool known as the Hyperion planning Scorecard to develop a clear picture of which Hyperion planning areas need attention. Your purchase includes access details to the Hyperion planning self-assessment dashboard download, which gives you your dynamically prioritized projects, ready tool, and shows your organization exactly what to do next. You will receive the following contents with New and Updated specific criteria: The latest quick edition of the book in PDF; The latest complete edition of the book in PDF, which criteria correspond to the criteria in The Self-Assessment Excel Dashboard; Example pre-filled Self-Assessment Excel Dashboard to get familiar with results generation; In-depth and specific Hyperion planning Checklists; Project management checklists and templates to assist with implementation.
