The New International Webster's Pocket Grammar, Speech & Style Dictionary of the English Language ,2002

Materials Handling Handbook David E. Mulcahy,1999 Annotation

How to Become an Environment Friendly Miner? M.L. Majumdar,2015-01-01 The book tells the miner how to protect the environment while exploiting country s nonrenewable natural resources like the minerals for the overall economic development of the country It gives a vivid description of the most critical seven components of the environment air environment noise environment water environment land environment biological environment socioeconomic environment and health environment detailing the impact of mining on the environment and effective mitigating measures to counter the adverse impact The book also highlights the two most critical ills that is lack of clear policy prescription and the menace of corruption advocating the cause of good governance as the panacea for the ills The book concludes that a clear cut policy prescription a reasonably corruption free administrative system and a transparent procedure without any discretionary power that ensures speedy disposal of cases relating to various clearances for mining activities in short good governance can be an effective instrument in protecting the environment while exploiting the mineral resources of the country The book also makes a critical and objective analysis of the roles played by various stakeholders with the conclusion that if the country s government can provide good governance and the miner is imaginative and professional there is no reason why mining can not be environment friendly

English in the Disciplines Christoph Hafner,Lindsay Miller,2018-08-06 The context for the teaching and learning of English for specific disciplinary purposes is undergoing profound changes under the influence of economic globalization and new digital communication technologies English in the Disciplines demonstrates how fundamental principles of ESP to tailor language learning materials to the needs of specific groups of learners can be adapted to new contexts of learning in the digital age Based on sustained research into students experiences in an ESP context in Hong Kong this volume provides an empirically grounded and practical methodology to ESP learning and course design and features mixed method case studies links between theory and practice with plentiful examples of teaching materials and learning activities recognition of the effect of new technologies and globalization on the practice of ESP highlighting problems and providing practical solutions a new pedagogical model for ESP course design addressing multiple dimensions relevant to today s ESP learners including learner autonomy genre multimodality and digital literacies plurilingual practices and project based learning and collaboration English in the Disciplines provides key reading for anyone studying and researching this
