Bull, Mark Buechler, 1996 **Families, Schools, Communities Learning Together** ,2003 **Effects of Implementing the Learning Together Method on EFL** Wondwosen Tesfamichael, 2019-06-28 Doctoral Thesis Dissertation from the year 2016 in the subject Pedagogy School Pedagogics course TEFL language English abstract The target of this research was to examine whether or not the effects of implementing the learning together method improved eleventh graders paragraph writing skills in terms of content vocabulary layout grammar and mechanics The research also examined the extent to which the implementation of the learning together method brought about changes on social skills in relation to communication leadership group management and conflict resolution skills The quasiexperimental research was employed and the sample population was taken from two sections of eleventh grade The learning together method was implemented in the experimental group after the students had been made to have awareness about it whereas in the control group the students were taught their lessons through the same method in which the elements and theoretical perspectives of the method were not used Data were collected through tests questionnaire structured nonparticipant observation checklist focus group interview and semi structured interview Dependent t tests were employed

to test whether or not there were significant intra group differences in paragraph writing and social skills at 0.05 risk levels whereas independent samples t tests were used to check if there were significant inter group differences in paragraph writing tests and social skills questionnaire at 0.05 alpha levels. The analyses of paragraph writing pre test and social skills pre questionnaire of the inter groups showed that both groups had similar backgrounds in writing paragraphs and practicing social skills at the initial stage of this research. Nevertheless, after the treatments had been given to the experimental research participants, the analyses of the data indicated that the experimental group outscored significantly p

Teacher Learning in Small-Group Settings Cheryl J. Craig, Louise F. Deretchin, 2009-01-16 The international collection of essays contained in this volume offer a comprehensive look at how small groups are being employed in the field of education today and the purposes for which they are being used. Where teaching is concerned, readers of this volume come to know how teachers experience professional development in book clubs, Critical Friends Groups, and teacher research groups, and how action research has been used by teachers in a particular curriculum reform project. Where teacher education is concerned, readers are afforded an insider view of what is happening in various cohorts and other small group configurations throughout the nation and the world, particularly with respect to diversity. Finally, readers catch a glimpse of what is occurring in higher education and how professors learn to be teacher educators, contributing members of the academy, and collaborative colleagues in their efforts to support and enhance student learning along the educational continuum.
