Post-cinema José Moure, Dominique Chateau, 2025-10-01 Post cinema designates a new way of making films It is time to ask whether this novelty is complete or relative and to evaluate to what extent it represents a unitary or diversified current The book proposes to integrate the post cinema question within the post art question in order to study the new ways of making filmic images The issue will be considered at three levels the impression of post art on regular films the relocation Casetti of the same films that can be seen using devices of all kinds in conditions more or less removed from the dispositif of the theater the integration of cinema into contemporary art in all kinds of forms of creation and exhibition parallel to the integration of contemporary art in regular cinema
